I Have Wings Breast Cancer Foundation is totally unique when compared to other breast cancer organizations. Here's how we are different!

- We support patients and families from a new diagnosis, through surgery, through chemotherapy and/or radiation, or those ending treatment.
- We provide different levels of emotional and financial assistance based on where the person is in their unique cancer journey.
- We provide a multitude of opportunities and events for the patient. These include uplifting gifts, food, financial assistance, emotional support, The Wings Award and the Spring Bling Luncheon.
- We offer annual Scholarships to families touched by the disease.
- We offer schools Educational Kits, providing resources to teach and counsel students.

Many patients experience loneliness, anxiety and fear during a breast cancer diagnosis. Our *No-one Goes Solo* program addresses these emotions. We provide individual emotional support, complimentary copy of "Thrive in 5 in Five" written by the founder and based on her own cancer journey.

### **Speakers Bureau**

The Founder and Executive Director, Janet Chambers, speaks on various topics to diverse audiences. The foundation requires a 60 Day notice of an event or fundraiser if a speaker or representative from I Have Wings is requested to attend. Confirmation will be based on availability and location of the event. Travel and accommodations are required if the event is over 2 hours driving distance.

### **Third party information**

I Have Wings does not share or release your contact information with third parties. However, we are willing to promote your event depending on the commitment level and the foundations' own event calendar.

### **Cause Marketing**
